Meeting Notes: Jaime Hebel and Jeanette Smith

- Following mockup B for styling with the changes we talked about
- For Simone's page, creating a mini-collapsible menu to navigate given the variety of sections
    - If text is too long once styled, LMK and I will edit it down!
    - Main concern is for mobile – if this becomes an issue we will communicate!
- Collapsible section for simone if it is too long as well
- Adding buttons to navigate at the bottom of each page to the next gymnast (i.e jade → jordan) for user experience
- Images and text look great!
